## WHERE TO STAY?

The Summit location is very central and very easy to reach. Therefore you have a lot of possibilities where to stay, from hotels just around the corner to camping sites near the Danube. Even from there you are at the Summit in 30 minutes with public transport - Vienna has a very good public transport system...

There is no specific recommendation from our side, as it totally depends on you, what you want to do (visiting the Summit in combination with sightseeing etc...) and your budget. It depends on if you want to stay with a group and rent a flat via AirBnB or if you prefer a single room in the famous hotel Sacher...

### **Booking.com:**

If you want to book via Booking.com, here's a link for the date and the districts around the Summit. The cheapest option here is 85.- for three nights.

### **Couch surfing:**

We are about to arrange the possibility to stay with Shiatsu practitioners in Vienna. As soon as we have a list of practitioners, we will update this file.
